

# Creating A Traditional Home Decor

For traditional home interior, it is important to choose furniture with classic and rich designs.

Select furniture with deep wood finishes, serpentine silhouettes and classy appeal to achieve a traditional look.

Furniture that has darker wood finishes with cherry or stained woods should be used as main statement pieces for achieving traditional allure.

Any piece of furniture with a wingback frame or pedestal base is ideal when furnishing a traditional living room or home space.

Choose furniture that has floral and vine patterns or faded motifs for a traditional themed decor.

For a traditional dining room, choose furniture with a curved silhouette to add warmth to the place.
