

Tips To Buy A Rug

Rugs are a great item to accessorize a house while adding some color and texture to any space. They also help in grounding furniture, protecting floors and absorbing noise.

Here are some tips for buying rugs:

01

Choose the right size, shape and pattern based on the area you want to place it in.

02

Consider its weaves as this will determine how it feels under feet and how long it lasts.

03

Choose the right material based on the amount of softness, maintenance, durability, stain resistance, and your budget.

04

Read the label for information on its care and cleaning.

05

Ask an expert at the store for guidance.
