

How to Choose a Table Lamp For Your House

Table Lamps are practical and stylish lighting fixtures that can be used to illuminate the indoors and create a cozy atmosphere.

Tips for buying a table lamp:

Focus on symmetry by matching table lamps with other furniture in the room

01

02

Consider how much extra light you need in a space

Choose a lamp that complements the existing aesthetics of your home

03

04

For a stylish look, experiment with mixing and matching your lamp with the rest of the furniture

For a modern look, opt for lamps with sharp lines and for a traditional look, choose lamps with classic details

05

06

You can choose from different lamp shape shapes such as round, cylindrical, rectangular and modified drum shades
