

Decorating a Console Table

Console tables are used as items of décor and storage in a house. They can be decked up to reflect one's personal tastes and to add flair to a space.

Here are some tips for decorating a console table:

Choose a console table that blends with the rest of your furniture

Stick to a single color palette most of the time

Use it as a focal point to place a special item of décor e.g. a piece of art, a lamp, etc.

Decorate the wall right above your table for a gorgeous backdrop

Less is always more when it comes to decorating a console table

The best things to place on the table are vases, candles, decorative bowls, frames, etc.
