

How to Use Faux Plants In Home Decor?

Faux plants add freshness to a space without requiring any upkeep.

1

Place faux plants in bare corners or bathrooms where real plants may not survive.

2

Use potted faux trees to beautify the home entrance & entryway.

3

Invest in faux flower wreaths to add a welcoming vibe to your door.

4

Place faux floral arrangements in vases on tabletops.

5

Add an artificial plant wall in your patio for an interesting look.

6

Hang faux plants from your patio roof or trees in your lawn for a beautiful landscape.

7

Place pots with artificial flowering plants to add color to your landscape.
