

Tips On Making Outdoors Kids Friendly

For Spring and Summers

Warmer weather and longer daylight hours make spring and summer ideal seasons for outdoor activities for kids. Our kid-friendly, Ashley HomeStore products are thoroughly researched and tested to ensure utmost safety for your child.

Follow these tips to make outdoor activities for your kids safe and fun-filled:

Create a safe environment by choosing a location that is free from potential hazards. Use safe and sturdy play equipment.

Invest in kid-friendly outdoor furniture like picnic tables, floor cushions, hammocks, playhouses, and outdoor benches (with storage for toys).

Create a shaded area with the help of an outdoor umbrella for protection from the sun's harmful rays.

Educate kids on how to play safely. Restrict certain activities that seem dangerous for kids.
