

Choosing Furniture For Guest Room

Looking to create a comfortable and welcoming guest room? Explore a wide selection of furniture at Ashley HomeStore for the perfect pieces to suit your style and needs. Whether you prefer a modern or traditional look, there is something for everyone.

Here are some tips for choosing furniture for your guest room.

01

Versatility: Provide your guests with a comfortable place to rest and relax. To save space in your guest room, you may choose sofa-cum-bed.

02

Quality: Invest in a quality mattress to ensure a good night's sleep for your visitors. Choose a mattress with medium firmness for universal comfort.

03

Storage: Add a dresser or nightstand for guests to store their belongings. Opt for furniture with drawers or shelves to keep the room organized.

04

Atmosphere: Create a cozy and inviting atmosphere with the help of soft lighting, such as bedside lamps or wall sconces. Incorporate decorative accents and artwork to add warmth and personality.

05

Seating: Include an armchair or ottoman for extra comfort and convenience. Offer additional seating for reading, relaxing, or socializing.
