Enhance the comfort and style of your living room with the perfect cushions from Ashley HomeStore. The extensive collection offers a variety of colors, patterns, and textures to suit any taste. Whether you prefer a minimalist look or a bold statement, cushions can complement any living room decor.

Here are some tips for selecting cushions for your living room:

**01 Size and Shape:** Consider the size and shape of your furniture. Choose cushions that match the dimensions of your sofas and chairs. Opt for square or rectangular cushions for a clean and tailored look.

**03 Mix and Match:** Mix and match different sizes and textures by combining various cushion sizes to create visual interest and depth. Experiment with textures like velvet, linen, or faux fur for added tactile appeal.

**05 Coordinate Colors and Patterns:** Select cushions that complement the overall color scheme of your living room. Mix patterns and solids, or choose cushions with subtle patterns to avoid overwhelming the space.

**02 High-Quality Fillings:** Look for cushions with quality foam or down filling for optimal comfort. Ensure the cushions retain their shape and provide adequate support.

**04 Arrangements and Layering:** Arrange cushions in different formations, such as symmetrical or asymmetrical layouts. Layer cushions of varying sizes and textures to create a cozy and inviting look.

**06 Add Pops of Color:** Use bold and contrasting colors to create focal points and add visual impact. Incorporate accent cushions in vibrant hues to liven up neutral-colored furniture.
